In case the Team is not complete (four players) – handicap of 28 is added in the calculation of Team handicap for each missing AM player.

Gameplay:

Players play drives from their tees and choose longer, or better from the shots and from this spot everyone from the team play the second shot. Again the Team selects the best ball and all team players proceed from this point. Team continues like this until completing the hole.

Location of selected ball through the green, inside of hazards and on the green must be marked by ball marker.

Ball is placed through the green and inside the hazards closest to the marked position (max. score card length) not nearer to the hole. In a bunker - before placing the ball it possible to rake the bunker. For each shot players can freely choose the order of play.
